***with Round Corner Options***

The diagram shows a rectangular template for a center drill back. It features a central red circle representing a hole. The template is defined by three nested borders: an inner green line with rounded corners, a middle red line with sharp corners, and an outer blue line with sharp corners. A notch is cut out from the top center of the inner green border. The text 'Center Drill Back' is centered in the middle of the template. Below it is the logo for 'lbf group' and the website 'www.lbfgroup.ca'. At the bottom, the terms 'Safety', 'Trim', and 'Bleed' are listed, corresponding to the green, red, and blue lines respectively. The phrase 'with Round Corner Options' is written in green at the very bottom.
