Safety

Trim

Bleed

with Round Corner Options

The diagram shows a square layout with three nested borders: an outer blue border (Bleed), a middle red border (Trim), and an inner green border (Safety). The corners are rounded. A red circle is positioned in the upper right area. Text is placed within the Safety border. The text 'Left Drill Back' is centered below the Safety border. At the bottom, the labels 'Safety', 'Trim', and 'Bleed' are shown with horizontal lines indicating their respective border positions.

Safety: No TEXT beyond this line.

Trim: Final trim size ordered.

Bleed: To ensure ink coverage goes to the very edge of the product, make certain to extend any graphics/artwork past the **Trim** to the **Bleed** line.
